INVASION HAS BEGUN.

Troops Embarked to Land in the West Indies.

JUST WHERE IS NOT KNOWN.

Spain Is Not to Be Notified Just at Present.

SHE WILL LEARN OF IT LATER.

General Shafter Will Command the Army of Invasion, Which, It Is Thought, Will Be Made Up Largely of Regulars, Who Have Seen Fighting.

Washington, May 31.—The military invasion of Cuba has begun. Unless the orders of the war department have miscarried the troops that have been gathered at the gulf ports are now aboard transports waiting to carry them to the enemy's territory.

About 25 of these ships, the biggest and fastest that could be obtained suitable for the purpose, had been gathered ready to receive the troops. They will accommodate about 40,000 men for the short voyage with safety.

How many troops started, where they took ship and where they are bound for are questions which the directing spirits of the campaign refuse positively to answer.

They have no desire that the Spaniards should have opportunity afforded them to gather forces to attack our soldiers as they land.

It is probable that there will be no less than four separate military expeditions, and that these will be landed at four different points. Whether Porto Rico is one of these points or not can not be learned.

Before the entire force which it is proposed to use in Cuba can be landed the transports must make four separate voyages across the straits.

Arrangements have been made to utilize the services of the insurgents to the largest possible extent.

The government already has sent expeditions to a large number of points on the island and landed arms for the insurgents.

SEVERAL SUCCESSFUL EXPEDITIONS.

Most of the parties succeeded perfectly in their object, and it was said at the war department that a sufficient number of the insurgents have been armed to constitute a very effective support for the troops as they land.

A war conference was held at the White House between the president and his war secretaries—Alger and Long—and Major General Miles, in command of the army.

General Miles made known that immediately following the receipt of definite information as to the presence of the Spanish fleet at Santiago, he had gone to the war department and had issued telegraphic orders putting the troops in motion, and thus starting the forward movement of the military arm of the service.

It was said at the war department that chief reliance would be placed at the outset on the United States regulars, most of whom are centered in Florida, and in such volunteer regiments as were thoroughly equipped and reasonably well seasoned for service.

Although the officials will not state how many troops are available for active service, it is roughly estimated that there are about 20,000 regulars and 13,000 volunteers at Tampa.

These include 17 regiments of regular infantry and 14 regiments of volunteer infantry, 12 battalions of artillery and five regiments of regular cavalry.

PLENTY OF TROOPS.

The infantry force, regular and volunteer, is about 28,000 men, the cavalry about 4,000, the artillery about 1,200.

How many of these have been or will be dispatched to any given point or to several points is not disclosed, as that is a part of the secret campaign plans of the government.

Back of this force are other available regiments at Mobile, New Orleans and other points, easily accessible to Tampa.

Still further back is the larger volunteer camp at Chickamauga, comprising about 40,000 infantry volunteers, 1,000 cavalry volunteers and three regiments of artillery volunteers.

It is understood to be the plan—although as to this there is no precise official statement—to have the troops at Chickamauga take the place of those at Florida ports as fast as the latter leave for active service, thus keeping a large force always ready for embarkation from Florida.

Aside from the troops already specified, there are 18,000 men at Camp Al-

ger, near Washington, and lesser bodies of troops on Long Island and in various states.

The 75,000 volunteers under the recently issued second call constitute still another reserve, which, however, is yet to be organized and equipped.

General Shafter will be in immediate command of the forces now embarking, while General Miles will have general supervision of these and all other military movements.

SPAIN'S COAL CAPTURED.

The Vessel Was Making For the Harbor of Santiago.

Key West, May 31.—The British steamer Restormel, owned by J. Cory & Sons of Cardiff, Wales, with an enormous supply of coal for the Spanish squadron, was captured last Wednesday by the auxiliary cruiser St. Paul, Captain Sigsbee, while trying to get into Santiago harbor.

She sailed from Cardiff under a Spanish charter, although she still carries the British flag. She went to San Juan, where she cleared for, but there she received orders from Spain to proceed to Curacao. When she arrived there she was ordered to Santiago.

The collier was captured four miles off Moro castle and it required a solid shot to bring her to, the blank put across her bow being ignored. She was brought here in charge of a prize crew. Her captain has told the whole story frankly.

QUIET AT MANILLA.

Plenty of Supplies Coming In From the Surrounding Country.

Hongkong, May 31.—The British second-class cruiser Pique has arrived here from Iloilo and Manila. She reports all quiet at both places. The Spanish garrison at Iloilo numbers 100 men and the place has no defenses. The foreigners there are safe. Supplies are reaching plentifully from the surrounding country. There is no panic at Manila.

The Spaniards are working upon the fortifications, but their guns are old and useless, and they are short of ammunition.

Rear Admiral Dewey has informed the authorities at Manila that he will hold them responsible for the life of the captain of the Spanish gunboat Callao, captured by the United States fleet. The Spaniards have been threatening to shoot him for surrendering, although confronted by the whole American fleet.

All the American ships are at Cavite, in Manila bay.

Salt provisions are plentiful, but fresh provisions are not obtainable. There is no sickness in the American fleet.

In reply to the Spanish attempt to win over Aguinaldo's men, the insurgents are said to have informed the Spaniards that they are neutral and will await events.

Moving Them Up Closer.

Chickamauga National Park, Ga., May 31.—The following regiments here have been ordered to Tampa at once: First Ohio, One Hundred and Fifty-seventh Indiana, Third Pennsylvania and First Illinois, to be commanded by Brigadier General Simon Snyder; Second New York, Sixty-Ninth New York, Fifth Maryland and First District of Columbia, under command of Brigadier General Lewis H. Carpenter.

Signal Corps to Be Enlisted.

Washington, May 31.—General Greeley, chief signal officer, is making arrangements for enlisting the volunteer signal corps authorized by congress. This is to be composed of about 90 officers and 800 men, and a company is to be assigned to each division of the army. As far as practicable the men will be recruited out of the signal corps of the national guard of the several states.

The Mask Thrown Off.

Paris, May 31.—The American colony decorated the tomb of Lafayette. Ambassador Porter made an eloquent address. M. Bartholdi in reply showed plainly the sympathy of France with Spain, and said the America of today was not what it was in Lafayette's time. It is believed he spoke for the government, and that he has at last thrown off the mask of hypocrisy.

More Cowboys Arrive.

Chickamauga National Park, Ga., May 31.—Troops F and L of Grigsby's cowboys arrived—169 men and 164 horses—commanded by Major James H. Monteth, and joined the other troops here, completing the full complement of the Third United States Independent cavalry.

Separate Muster Rolls.

Washington, May 31.—General Miles has issued an order directing that enlisted men belonging to different regiments or distinct organizations shall not be mustered on the same roll. Separate rolls must be prepared, one for the members of each regiment or organization.

No Harmony.

Madrid, May 31.—The most pessimistic rumors already prevail in diplomatic circles regarding the durability of the new cabinet recently constituted by Senor Sagasta. Harmony certainly does not reign in this cabinet, in which free trade and protection are equally represented.

Only Americans Will Do.

New York, May 31.—All except 40 of the coal passers of the auxiliary cruiser St. Louis returned to work. Their places were filled and the cruiser put to sea. The inclination grows stronger every day to put none but thorough Americans on the vessels.

To Prevent Exportation of Silver.

Madrid, May 31.—In the chamber of deputies Senor Puigcerver, minister of finance, presented a bill to prohibit the exportation of silver money.

Another Spanish Gunboat Captured.

Hongkong, May 31.—The Spanish gunboat Leyte, which was attempting to run dispatches into Iloilo, has been captured by the Americans.

Spain Wanted Peace.

Madrid, May 31.—In the senate Senor Sanchez Toca wanted to discuss the red book. Duke Almodovar de Rio, the foreign minister, replied that it would be inopportune to discuss the foreign policy while the country was at war, although, he added, "the documents make a good case for Spain before the world, as they prove that Spain did everything possible to avoid war without an ulterior motive, whereas the American diplomats pretended they wanted peace until the last, while war seems to have been a foregone conclusion."

No Regiment For Bryan.

Lincoln, Neb., May 31.—The Third regiment, with W. J. Bryan in its ranks as a private, is now full, and will be offered to the federal government. It was expected Mr. Bryan would lead the regiment in battle, but Governor Holcomb has received a dispatch which disarranged the plans. The war department will require the maximum number of the organizations already in service. The complaint is that the recruiting of 660 additional men to serve in two regiments under Colonel Bliss and Colonel Bratt will take such a proportion of Nebraska's quota under the second call that there will be only a part of a regiment left for Mr. Bryan to command, and if he goes to the front with the Nebraska troops he can only hold a commission as a major.

Monterey Out of Dry Dock.

Mare Island Navy Yard, Cal., May 31.—The coast defense vessel Monterey came out of the dry dock and for the next two days will be engaged in loading coal. Besides filling her hunkers all the available space on deck will be occupied by coal. New hydraulic pipes are being put in the turrets, and a towing hridge is being rigged to her bow. This is a new device, the invention of Foreman Furlong, and is so arranged that the tow line can be slipped at a moment's notice in case of a sudden storm. The Monterey will not be ready to sail for Manila before the end of the week.

Number of Troops.

Washington, May 31.—Adjutant General Corbin said that 121,500 troops had been mustered into the volunteer army under the call for 125,000 men, and that the remaining 3,500 men were in state camps ready for the visit of the mustering officers.

Dupont to Be Repaired.

Mohile, May 31.—The torpedo boat Dupont arrived here to go into dock for repairs to her hull, she having been in collision with some vessel at Key West. She will be off in two or three days.

Panama to Be Sold.

Key West, May 31.—The prize steamer Panama, captured by the Mangrove soon after the opening of the war, was taken north by a cruiser to be sold. Her cargo was released by the United States court last week.

Captain Clark Praised.

Washington, May 31.—Secretary Long has officially commended Captain C. E. Clark and the officers and men under his command for their excellent work in bringing the battleship Oregon safely to Key West.

A Deserter Arrested.

Key West, May 31.—The cook of the United States auxiliary gunboat Hawk, a native of Manila, deserted his post three days ago and was arrested ashore.

New York, May 31.—The thirty-second annual regatta of the Harlem Regatta association began here at 12:30 p. m. on the regular Harlem river course, from McComb's dam bridge to a point near One Hundred and Thirty-third street. All the races were one mile straight away. Spectators began to appear in large numbers before noon.

DECORATION DAY.

The Blue and the Gray Mingled Together at the Graves.

Washington, May 31.—Decoration day was observed here and throughout the United States with unusual interest, owing, it would seem, to the emotions excited by the existence of war at the present time, and the recent mobilization and departure of troops from all northern sections for the south, which has vividly recalled the scenes of former years.

In the center of the field of "The Bivouac of the Dead," the great amphitheater of the National cemetery at Arlington, President McKinley and three of his cabinet joined 6,000 other citizens in doing honor to the patriotic dead.

Ceremonies were held simultaneously in several parts of the cemetery, but the main ceremony was in the amphitheater close to the old Mansion.

There some 2,000 or more gathered, while on the platform was a distinguished company headed by President McKinley, Vice President Hobart, Secretary of War Alger, Secretary of the Treasury Gage, Secretary of Agriculture Wilson and United States Senator Thurston of Nebraska, the orator of the day.

Just back of them sat Commissioner of Pensions Evans and other officials, the Chinese minister and the Korean minister and parties from their legations.

The last chapter of the history of secession and sectional strife in the United States is closed, the word "final" having been written as if by magic when the Maine was blown up by the treacherous Spaniards in Havana harbor, and now for the first time since the revolution the blue and the gray mingle together at the graves of their comrades as brothers.

This was the scene witnessed in many parts of the country, and it was an inspiring event—a warning to the world that this is in fact, as well as in name, a united country—the United States.

Owing to the patriotic enthusiasm aroused over the war with Spain Memorial day this year was more generally observed and observed on a larger scale than ever before.

The Blue and the Gray.

Lexington, Ky., May 31.—For the first time since the war the Confederate veterans joined with the Grand Army in observing Memorial day and decorating the graves of Union soldiers. The ceremonies at the cemetery were most impressive.

Fourth Ohio Regiment Band.

Chattanooga, May 31.—The 13,000 graves in the National cemetery here were covered with flowers and flags. The Fourth Ohio regiment band furnished the music.

Cincinnati Road Race.

Cincinnati, May 31.—The bicycle road race from Hamilton to Cincinnati, 25 miles, was won by H. W. Eldel, Cincinnati; Denham, Dayton, O., second; A. H. Milward, Cincinnati, third; R. G. Shapard, Sulphur Grove, O., fourth.

WHAT ABOUT CERVERA

Speculation as to His Probable Disposition.

DOUBT SEEMS TO EXIST NOW

Whether He Should Be Starved to Death or Shot.

DROWNING MIGHT BE THE THING.

It Would Be Foolhardiness on the Part of the Cuning (?) Spanish Admiral to Offer Battle to Three of the Best Battleships in the World.

Key West, May 31.—Everybody knows now that Spain's flying squadron—four splendid cruisers and two torpedo boat destroyers—is imprisoned in Santiago harbor.

This fact has been known for 48 hours, and the speculation now is over the probable disposition of the Spaniards—whether they will be blockaded or the forts reduced and the vessels compelled to fight.

In the latter case there can be but one result, for Commodore Schley has some of the finest ships in the world, to say nothing of cruisers and various smaller vessels, and could in a few days be reinforced by other powerful warships. It would be foolhardiness on the part of Cervera to offer battle.

An interesting fact remains to be told of the reasons which led Cervera to Santiago and of the way in which he was hemmed in.

It is now known that when the Spanish admiral sailed for the West Indies he expected to enter San Juan de Porto Rico for coal and supplies.

On touching at Curacao for news his plans were upset by the receipt of dispatches telling him that Rear Admiral Sampson had homed the San Juan fortifications and was still in the neighborhood of Porto Rico.

Thereupon Cervera sailed for the south coast of Cuba. Why he entered the Santiago harbor instead of the harbor of Cienfuegos is not known, but the American commanders were inclined to think the Spaniards would go to the latter port.

It is certain that Cervera could not have escaped from Santiago without being discovered, for the American scouts had been prowling about the port for 10 days, and other scouts had not been far away. Practically Santiago has been blockaded for that length of time.

Cervera's coal ship, which followed him from Curacao to Santiago, was captured last Wednesday, and at the very moment when the queen regent was cabling her congratulations, the coils were "lightening about him."

The belief here is that all other movements in the West Indies will be held in abeyance until the Spanish squadron is disposed of.

In case Santiago is attacked the news of battle will be sent from Mole St. Nicholas and Kingston, and the prisoners and wounded will be sent to Key West.

May Force the Harbor.

Kingston, Jamaica, May 31.—The Harward has sailed to join Commodore Schley's squadron. She took a pilot familiar with the south coast of Cuba. It is believed Santiago harbor is to be forced.

PLATFORM COLLAPSES.

Distressing Accident During Memorial Day Exercises Near Cincinnati.

Cincinnati, May 31.—At the suburban Columbia cemetery the Memorial platform gave way. About 100 people, mostly children, fell.

Many suffered slight injuries. Those most seriously hurt are Birdie Kannes, Gertrude Dressel, Bertie Bauer, Ellen Wood, Katie Cooney, George High and Professor Yowell.

Price of Manila Hemp Rises.

New York, May 31.—The war has revived the rope industry in this country, and Rear Admiral Dewey's signal victory at Manila has put the American manufacturers in the way of making fortunes. Manila was, outside of Mexico, the main supply for raw material, and since Admiral Dewey has closed that port prices have suddenly boomed up from 3½ cents a pound to 8½ cents a pound for raw Manila hemp. There is no chance to purchase Manila hemp for future shipment, which is usually done when prices are normal.

Rio Janeiro, May 31.—United States Minister Bryan and the Brazilian minister of foreign affairs have signed the supplementary treaty to the extradition treaty between Brazil and the United States.

Kentucky—Fair; northerly winds, shifting to easterly.

MADRID journals have changed their tone somewhat and are now talking peace. They'll likely be more anxious for peace in a week or so than they are now.

CAPT. J. C. BRYANT, who has probably pestered the life out of Gov. Bradley for this and that office, has at last got something. He has been appointed Major of the Third Kentucky Regiment.

THE dynamite cruiser Vesuvius and the submarine torpedo boat Holland might do some effective work at Santiago. Why not give them a chance to demonstrate whether they are any good or not?

THE CONGRESSIONAL CONTEST.

Lively Fight in Republican Ranks Over the Nomination—A Roast For Judge Pugh.

["Garden Seed" in Ashland News.]
Fellow Republicans, the time is near when we must name a candidate for Congress to represent the Ninth Kentucky district. Shall we have a real Representative or a dummy? To renominate the present incumbent would mean to concede the district to the Democratic nominee. To renominate the present incumbent would mean one hundred Republican votes in Boyd County for the Democratic nominee.

I say without fear of being contradicted by the returns next November that one hundred Boyd County Republicans will vote for the Democratic nominee if the present incumbent is renominated. Mr. Pugh owes his past success to Boyd County, but Boyd County has no cause or reason for ever supporting him again. Has any other county?

The fake worked on the County Committee was certainly intended as a joke. Catlettsburg should have had a Republican postmaster one year before Mr. Jones was appointed, and could have had, if it had not been for the vacillating methods of Mr. Pugh.

Why was it necessary for Mr. Pugh to encourage a dozen men to make a hard canvass for one place? Only one could be appointed. This reminded me of a primary in Carter County for Assessor.

Are Mr. Pugh's printed circular letters and "free" postal cards to the "old" soldiers to be commended? They are mere chaff.

Does any old soldier know of Mr. Pugh ever making a call in person on the Pension Office in his behalf? No. His "call up" slips are merely formal, and intended only to save him the trouble of discharging his obligations to the old soldiers, and invariably results in a blasted hope. Can our agricultural friends be longer fooled on a few pamphlets and an inferior quality of gourd seed? Who has ever read a speech or even a "remark" made by Mr. Pugh in the halls of Congress?

What has he done and what is he there for?

Our party is much greater than any one man, and all his relatives. That vaunted appropriation for the improvement of Big Sandy has never been mentioned. The Federal Court and public building that was pledged to every county seat in the district is held up to be worked over in the next campaign.

As a failure Congressman Pugh has been a grand success; as a success he has been a much grander failure.

As Republicans we should purchase absolute at any price. We must not only nominate a candidate that will win, but we must nominate a candidate that will make a representative when elected.

Pugh's Sawing Wood.
Cynthiana Democrat: "The Maysville Public Ledger backs Mr. W. H. Cox strongly for the Republican nomination for Congress. Mr. Pugh is sawing a great deal of wood, judging from the intense stillness around Vanceburg. And grim and gaunt stand all the Republican newspapers of the district, saving, of course, the fearless Ledger. Mum as oysters, communicative as clams, the great apostles of high tariff, strong trusts and impregnable combines await in gloomy silence the vaulting of the feline. Why don't they have the courage to go skin the cat?"

Bucklen's Arnica Salve.

OUR SOLDIER DEAD.

Graves of the Fallen Strewn With Flowers. Decoration Day Exercises Attract a Large Crowd.

The Blue and the Gray are resting to-day. And their graves teach the nation a moral. Some lie in the glade 'neath the cypress shade And some 'neath the fragrant laurel. With their final breath in the throes of death They were blessing their loved country's glory. And their noble past will forever last In song and in marble and story.

On their sacred dust, with a fervent trust In the fate of our glorious nation, In the sunlight hours we mingle sweet flowers With the tears of lamentation. The Blue and the Gray—brave martyrs were they While their bones 'neath the May blossoms molder.

Their sons to-day in the thick of the fray For freedom fight shoulder to shoulder.

Let their fathers rest in the vernal breast Of the land that their lifeblood has given. May their souls be true in the grand review Of the Great Commander in heaven! Their memories we prize 'mid our tears and our sighs.

Grim warfare has taught us its moral. The Gray sleeps serene 'neath the cypress green And the Blue 'neath the fragrant laurel. —Leon Mead in Lexington Leader.

The Decoration Day exercises attracted a large crowd to the cemetery Monday afternoon. The "city of the dead" was thronged most all day, and not only were the graves of the fallen heroes strewn with flowers but the last resting place of other loved ones were banked with beautiful floral tributes.

Assembled about the handsome monument, the members of Jos. Heiser Post observed the formal ceremonies of the day. Afterwards there was an address by Captain Thos. A. Davis.

"The Martyrs of the Maine" was touchingly recited by Miss Corinna Clinkenbeard.

At intervals the choir, led by Mr. Geo. Harding, rendered a number of hymns, among them "America," and "When the Roll is Called Up Yonder."

The exercises closed with the benediction by Chaplain Miller.

VICTORIA'S INCOME.

What It Costs the English To Keep a Queen. Receives \$300,000 a Year For "Pocket Money."

[Philadelphia Press.]

From the time that she was crowned, Queen Victoria has been in receipt of an income from the Government amounting to about \$3,000,000 a year.

From this she pays all the expenses and salaries of her household, charities, pensions and other charges imposed upon the sovereign, be they more or less.

She has \$300,000 per annum for pocket money, of which no account is ever asked.

The salaries of her household amount to about \$600,000, and the other expenses to about \$750,000 per year; \$60,000 is given her for "bounties and alms," and \$96,000 for annuities and pensions.

In addition to this, the other members of the royal family receive annuities amounting to \$865,000.

From the Duchy of Lancaster the Queen receives about \$450,000 a year, which she has no need to touch at all, and probably invests in bulk as fast as it comes to her. This income of itself since she has been upon the throne with interest, would aggregate \$40,000,000.

ROBERT C. WHEELER.

A Former Citizen of Maysville Met Death Under a C. and O. Freight Train Sunday.

[Cincinnati Enquirer.]

A man who was stealing a ride on a C. and O. freight train Sunday afternoon about 4 o'clock was thrown between two cars and literally ground to pieces. The accident occurred at the Park street crossing, and portions of the victim's body were strewn along the track for quite a distance. The remains were picked up by members of the train crew and taken to the morgue by Patrol No. 4.

A pass book of the International Cigar Makers' Union was found in one of the pockets of the dead man's coat. The book contained the name of Robert C. Wheeler, of 960 Martin street. The book shows that Wheeler last paid dues on May 9, 1898. The police went to the above address, but no one there knew Wheeler. Coroner Haerr viewed the body at the morgue.

Coroner Haerr saw several well-known cigar makers, but none of them knew anything about Wheeler. Last night, however, Louis C. Holliday, of 1135 East Third street, called at the morgue and identified the dead man as Wheeler, who was his son-in-law. Wheeler left home yesterday with the intention of going over the river to look for a house. He leaves a widow and three children. Wheeler lived at 1314 East Front street.

Deceased was a son of the late Henry Wheeler, of this city, and leaves a number of relatives in Maysville.

Deceased was thirty-two years of age, and leaves one sister, Miss Mamie Wheeler, formerly of this city, but who is now living with her uncle, Mr. Charles Wheeler, of Hustonville, Ky. The remains will be buried this afternoon at 2 o'clock at Cincinnati.

PIANO RECITAL.

The Chapel at Hayswood the Scene of An Enjoyable Musicales Last Evening.

The piano recital given by Miss Jessie T. Rains, assisted by Misses Roser and Sutton, last evening in the chapel of Hayswood Seminary was quite a success.

The program was opened by a beautiful duo, minuet by Mozart, the first piano being played by Miss Rains, accompanied on the second piano by Miss Moore. Miss Rains was at her best in her interpretation of the poem by MacDowell in which displayed genuine poetic feeling. The Bach prelude was given a clear, concise rendering and she displayed facile technique in the Beethoven Sonata and in the Hunting Song by Mendelssohn.

Much interest was added to the program by the sweet voices of Misses Roser and Sutton. Miss Roser's voice is well placed and has an exceedingly agreeable quality. She sang in a charming manner "Twickenham Ferry." Miss Sutton possesses a voice of a rare mellow quality that in its lowest register suggests the cello. She gave a sympathetic interpretation to De Koven Winter Lullaby and to a song entitled "Rhoda Rhea." A pleasing number was the vocal duet "In the Starlight" sung by Misses Roser and Sutton. The program closed with a brilliant duo "Bohemian Airs" played by Misses Roser and Rains.

A recital will be given this evening by the Mozart Club of Hayswood in the chapel, to which the friends, patrons and public are invited to be present.

Tickets for Thursday evening's commencement may be found at J. C. Pecora's.

HASKELL-STICKLEY.

Maysville Furnishes the Fair Bride At a Happy Wedding That Occurred Thursday at Mexico, Mo.

[Mexico Intelligencer, May 27.]

At 8:30 o'clock Thursday night, at the home of C. D. Stickley on West Anderson street, Mr. James M. Haskell, of this city, and Miss Myrtle Stickley, of Maysville, Ky., were united in marriage, Rev. N. R. Pittman officiating.

The marriage had been kept a profound secret by the young couple and though many suspected that it would be a future event none suspected its nearness.

Miss Stickley had been the guest of her brother for several months and it was since she has been here that Haskell met, wooed and won her.

The marriage was a very quiet affair, only a few immediate relatives and intimate friends being witnesses of it, or in attendance upon the delightful supper which followed it.

Mrs. Haskell is a most thoroughly sweet and charming young lady and during her stay here has made a host of friends.

Jim Haskell's many excellent qualities are too well known in this, his lifetime home, to need any repetition in these columns. He is a splendid, energetic young business man. He is the junior partner in the firm of B. F. Haskell & Son.

The young couple will go to house-keeping here at once and their many friends, among them The Intelligencer reckons itself, wish them all the success and happiness possible.

The fair bride is a daughter of Mrs. Harriet A. Stickley, of the Fifth ward, and has a host of warm friends in Maysville who unite in hearty good wishes for her future happiness.

BALLENGER's jewelry store is stocked with useful and exquisite articles of solid silver and cut glass. Among his great variety you can not fail to find something suitable, just unique enough, just choice enough, just the thing, for a bridal present.

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from yellow jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles, I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, M. A. Hogarty, Lexington, Ky. Sold by J. Jas. Wood, druggist.

MISS MARIE HUNTER entertained with a most enjoyable theatre party last evening at Fremont Park. We were unable to secure the names of all her guests, but amongst the chaperones were Mr. and Mrs. Robert Ficklin, Mr. and Mrs. Milton C. Russell, Mr. and Mrs. J. Barbour Russell, Mr. and Mrs. F. H. Clark, Mrs. James Rogers, Mrs. James Hall, Mr. and Mrs. Duke Watson, Mrs. Mary Cox, Mr. and Mrs. J. F. Perrie, Mrs. Basil Duke, Mr. and Mrs. Randolph Madison.

Fremont Park.

The new place of amusement opened last night, and such a crowd! There were fully 2,000 people on the grounds. The ticket office was compelled to close at 8:20.

Manager Fremont has gotten together a clever company, and on every hand were heard words of approval. It would be invidious to particularize, but it is safe to say that none received a heartier welcome than Nelson and Wilson.

The grounds are in excellent shape, the canvas is large and well lighted, and the whole presents a pleasing picture to the eye. Success to the hustler, Fremont, is the wish of his many friends.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz. Thus writes W. C. Hamrick & Co., of Shelby, N. C. Trial bottles free at J. James Wood's drug store. Regular size 50c. and \$1. Every bottle guaranteed.

SHE WAS LEFT TO GOD.

Strange as It May Appear the Woman Died.

NO PHYSICIAN WAS CALLED.

Those Responsible For the Death Are Christian Scientists, and They Have Been Arrested For Criminal Neglect.

Marion, Ind., May 31.—William Johnson, George Achor and Sarah Achor have been held to answer the charge of criminal neglect.

Their arrest is based on the action of the three in the case of Mrs. Johnson, who gave birth to a child last Tuesday, and was allowed to die of neglect on the theory that God would take care of her.

The defendants are Christian Scientists. The post mortem examination reveals a case of neglect, as the woman could have been saved with the usual attention.

Prosecutor Amden asked Judge Custer for a special grand jury to investigate the case. Achor and his wife are Christian Scientist preachers.

An Alleged Bigamist Under Arrest.

Terre Haute, Ind., May 31.—S. J. Slade, who married the widow of the late Professor Thurman of the high school, and, as alleged, secured \$2,000 from her, with which he decamped, has been arrested at Alverton, O., and a representative of the state will bring him here to answer a charge of alleged bigamy. Slade came here as the agent of a manufactory at Toledo, and represented himself as a widower, with property at Maumee, O. He married Mrs. Thurman, and then it was alleged that he already had a wife in Ohio. In the person of Seralda Fuller of Baltimore, Slade was arrested for embezzlement at Toledo, but the charge was not sustained.

A Letter Causes Trouble.

Noblesville, Ind., May 31.—C. M. DuBois shot and perhaps fatally wounded Frank Hooper. Both are well known citizens. Hooper is an employee of the Noblesville foundry and machine works and DuBois is an inventor of some note. The trouble causing the shooting arose over family affairs. DuBois accused Hooper of writing an insulting letter to his wife. Hooper went to DuBois and denied the charge. There was a quarrel, resulting in DuBois firing three shots at Hooper, the third one taking effect in his neck, just below the ear.

Canadian Negotiations Concluded.

Washington, May 31.—The Canadian negotiations which have been in progress here for the last week were concluded when a definite agreement was reached for the creation of a commission which shall consider all the subjects of controversy between the United States and Canada and frame a treaty between the imperial government and the United States for the complete adjustment of their controversies.

Lady Anderson Dead.

Greenfield, Ind., May 31.—Lady Anderson, one of the three "guideless and driverless wonders" of the American trotting turf, died here. Lady Anderson's performances have been seen in nearly all of the large cities. Her record was 2:06 1/2.

The Call Postponed.

Indianapolis, Ind., May 31.—The officers of the Indiana state convention of Methodist laymen, which met in this city last year, having in charge the call for a national convention here next fall, have postponed the date indefinitely.

Reciprocity With France

Washington, May 31.—President McKinley has issued a proclamation promulgating a reciprocity treaty between the United States and France, to take effect at once.

The Secret Service.

Washington, May 31.—One of the most important branches of the government war service, about which, for obvious reasons, little information is to be obtained, is the bureau of the secret service. The ordinary capacity of the service has been doubled since the declaration of war against Spain, and to no branch of the government is entrusted such important and delicate undertakings. The number of men actually employed in securing information for the use of the government would make a full military regiment.

Road Race at Irvington.

New York, May 31.—The eleventh annual Irvington-Milburn road race at Irvington, N. J., took place. The crowd at the starting point numbered 30,000. Of the 132 entries received by Handicapper Briar only five were placed on the scratch, the rest having an advantage of from 15 seconds to 7 minutes. The winner was J. M. McCarthy, Jr.; S. Baldwin, second; L. H. Withington, third. Time: 1:16. R. M. Alexander of Hartford, Conn., won on time.

Chicago, May 31.—Albert Wall, 17, was deliberately killed by Thomas H. Dean, in front of the Phoenix hotel. After a short chase by a crowd Dean was arrested and locked up at the police station.

CENTURIES ago, people used to fear what they called the pestilence, "Black Death" was the most terrible thing in the world to them. They feared it as people now fear the Cholera and Yellow Fever. And yet there is a thing that causes more misery and more deaths than any of these. It is so common that nine-tenths of all the sickness in the world is traceable to it. It is merely that simple, common thing, constipation. It makes people listless, causes dizziness, headache, loss of appetite, loss of sleep, foul breath and distended after eating. The little help needed is furnished by Dr. Pierce's Pleasant Pellets. One pill is a gentle laxative and two a mild cathartic. Once used, always in favor. If you are careless enough to let an unscrupulous druggist sell you something on which he makes more money, it is your own fault if you do not get well. Be sure and get Dr. Pierce's Pleasant Pellets.

Another Spanish victory! Spain shouts. Will somebody tell him when he is licked? He don't realize that he is badly "done up" already. You may not realize that your line is badly "done up," either, until you compare it with some of the exquisite work done at this laundry. Our laundry work is simply perfect, and can't be improved on. A test is all we need to make you a patron always.

PARK FREMONT PARK

There ARE other shows! The others are around (?) Last night at 6:30 o'clock there were 500 people at the Park; at 7:30, 1,500; at 8, fully 2,000. When the curtain rose at 8:30 o'clock, there were 1,088 paid admissions, and ten minutes later there was no longer standing room, so the ticket office was closed and hundreds of people were turned away. At 10:30, the best pleased audience ever dismissed from a show of like character in Maysville. Still, we are not "the only first-class theatre in the city." Yours,

STILL BILL, THE COLONEL.
